RULE #2 TRUST YOUR INTUITION

“A calm mind can hear intuition over fear.”

Step 1. IDENTIFY YOUR INTUITION

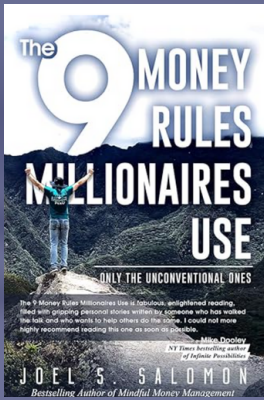

Do You Believe Some People Have Psychic Abilities? YES/NO

Have you ever had a dream at night that hinted at the future? What was it?

Have you ever thought of someone, and they called or appeared? When? Who?

Have you ever had a good or bad feeling about a person or situation that proved correct? When? Who?

Have you ever had a strong premonition that later happened? What was it?

Step 2. RECALL A TIME(S) IN THE PAST WHEN YOU SUCCESSFULLY FOLLOWED YOUR INTUITION REGARDING A FINANCIAL MATTER OR PURCHASE

Some examples might be playing the lottery, investing in a stock, buying a house or investment property, investing in a business or starting a business, or even intuitively waiting to buy something until it went on sale.

Describe any feelings you remember having during the prior example(s)?
Were you cold or hot? Do you remember a voice, image or emotion?
Consider all this, because when you feel them again you will know it's your intuition and go for it!

Step 3. ALIGN WITH YOUR CURRENT INTUITION

Describe some hunches you have now about the current path you're on or the future path you want to take.

Step 4. DEVELOP YOUR INTUITION EVERY DAY!

Make a list of things you can start using your intuition for. Start small. For example: which elevator to take in your apartment building, which path to take on a walk, when to call a friend and know they will be available to talk, etc. Always breathe deeply and be present with what feels right when you're choosing.

“Our instincts and hunches are like bursts of insight that reveal truths about our reality and the experiences we’re creating” – Mike Dooley

“I TOLD YOU SO!”
