The 9 Money Rules Millionaires Use MASTER CLASS

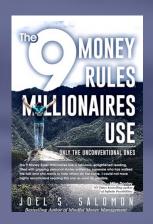

With Former Hedge Fund Manager and Master Prosperity Coach

Joel Salomon

The 9 Money Rules Millionaires Use MASTER CLASS RULE #7 - WHERE IS MY CASH GOING

Step 1. DO YOU KNOW WHERE YOUR MONEY IS GOING?
Write down some things you budget. It could be food, housing, education,
vacations, your kids' college education, retirement funding, activities, gift giving or
charitable contributions.
Step 2. KEEP TRACK OF EVERY AMOUNT YOU SPEND TODAY & WRITE IT DOWN.
Write down everything you purchased today from the book on Amazon, to a bill
you paid, to the Starbucks coffee or the bottle of water you grabbed.

Step 3. START THE BUDGET GAME!

see the spreadsheet attached and write down all your monthly
expenses. You should have a column for housing, food, phone,
electricity, cable, WIFI, chocolate, massages, gas, fun activities like
fantasy football or dance classes, credit card payments, student loans,
personal loans, manicure/pedicure, haircuts, etc. Write across the top
"It is my desire to keep my promise regarding all these financial
obligations, and in some cases, I will even do twice as much as
required."

"Credit is based on 'Man's Confidence in Man.' Credit has done more, a thousand times more, to enrich nations than all the mines of the world."

- Daniel Webster, March 18,1834
